

5 ELEMENTS FOAM FREE HORSE SHAMPOO

Morocco Method 5 Elements Foam Free Horse Shampoo combines clays, minerals and botanicals from around the world to gently nourish and soothe skin, leaving coat with healthy luxurious shine. Its unique formulation dynamically assists in helping to alleviate symptoms of dry itch, dandruff and seborrhea.

Its featured ingredient, sulfonated pine shale oil, is a naturally forming oil from the decomposition of ancient fern and evergreen forests that thoroughly cleanses skin and coat. Raw apple cider vinegar, green tea and flax seed oil deliver essential vitamins and anti-oxidants to moisturize, reduce inflammation and leaves pet skin and coat revitalized.

Dog and cat friendly.

How to Use

Perfect shampooing requires washing twice. The first wash loosens debris, dead skin cells, and excess oils from the skin and coat. The second wash flushes all the loosened material out, allowing the shampoo to nourish the coat.

Product may be diluted 1:1 with water. Massage shampoo into wet fur avoiding eyes, mouth and nose of pet. There will be no foam. Rinse thoroughly. *If sensitivities occur consult your veterinarian.*
